VULCAN X SIDE CLIPPED FORE

VULCAN EP

10 PAIRS
PER BOX

Deep fullering with positive clear nailholes for 'E' type nails.

Fore Shoe

Extra wide toe for strength and cover

Hind Shoe

TRADITION HAS EVOLVED!

Seated for sole relief.
All shoes have ready boxed edges

Modern concave section for grip

VULCAN RM

10 PAIRS
PER BOX

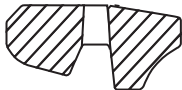

With ROLLER MOTION "RM" section, which allows the farrier to place the shoe on the hoof exactly where the break over should be for that individual horse.

10 PAIRS
PER BOX

VULCAN RM

The Vulcan 'RM' unique section

Cross section of unclipped shoe

Because of the unique section these shoes provide some relief to the Medio-lateral strain on the collateral ligaments of the interphalangeal joints.

VULCAN RM

Seated for sole relief

AN EARLY BREAKOVER SHOE

Vulcan's Blenkinsop rolled toe horseshoe is an early breakover shoe that follows a pattern introduced to the British Army in the latter half of the 19th Century.

The horse's athletic movement is at the centre of this shoe's design. Drawing on solid principles, the Blenkinsop horseshoe moves the fulcrum point of the toe back naturally towards the centre of the hoof and follows normal wear patterns to allow the foot to leave the ground faster than with a conventional toe.

TERMS & CONDITIONS

DEFINITIONS

"The Company" means MNC Limited whose registered office is at The Stable Yard, Vicarage Road, Stony Stratford, Milton Keynes, MK11 1BN

"The Customer" means any person or company placing a verbal or written order with the Company.

"Parties" mean the Company and the Customer.

"Order" means the Customer's request to the Company to supply the Goods

"Goods" means the articles which the Customer agrees to buy from the Company.

"Delivery Date" means the date specified by the Company when the goods are to be delivered.

"Price" means the price for the Goods excluding Carriage and Value Added Tax.

GENERAL

These Terms and Conditions shall form the basis of any contract between the Company and the Customer(s). Unless specifically agreed in writing, these Terms and Conditions shall take precedence over and supersede any standard Terms and Conditions issued by the Customer. No servant or agent of the Company has the power to vary these conditions verbally.

The Customer warrants to the Company that the Customer is purchasing the Goods in the course of a Business and that the Customer is registered with the Farriers Registration Council pursuant to the Farriers (Registration) Act 1975. The Company contracts with the Customer in reliance upon and in consideration of such warranty.

Goods are supplied on the express understanding that they are for distribution and consumption in the country of purchase.

PRICE

All quotations and estimates given by the Company are, unless otherwise stated, based on current costs of materials and wages and are subject to amendment on or after acceptance to meet any recognised rise or fall in such costs. Any

variation to the prices quoted as a result of government taxes and levies will be the express responsibility of the Customer.

TERMS OF PAYMENT

Unless otherwise expressly agreed in writing by the Company, the Customer will pay strictly within 14 days of the invoice date submitted by the Company.

If payment of the price or any part thereof is not made by the due date, the Company shall be entitled to charge interest on all outstanding amounts at the rate of 4% per annum above the current bank base rate, accruing daily until final settlement; and to insist on payment in advance of delivery for any outstanding goods until all outstanding debts are settled, without incurring any liabilities or penalties for delay to or non-delivery of these goods.

The ownership of any goods delivered by the Company shall only transfer to the Customer when all outstanding monies owed to the Company have been paid in full. Until such payment is made the goods should be stored separately by the Customer and labelled accordingly. The Company reserves the right of entry to the Customer's premises to recover the goods in the event of default by the Customer. All risks for such goods shall pass on delivery and the Customer shall insure against such risks. The Customer shall pay all accounts in full and shall not exercise any rights to set-off or counterclaim against any invoice submitted by The Company.

DELIVERY

The price excludes delivery to the Customer's site within the UK by any appropriate method of transport at the discretion of the Company. This site must be such that the goods can be reasonably safely unloaded.

Whilst the Company undertakes to use its best endeavors to deliver the goods on the promised delivery date, it does not guarantee to do so. Time of delivery is not the essence of the contract unless expressly so stated in writing.

The Company shall not incur any liability or obligation in respect of any failure to deliver or delay in delivery occasioned by any cause beyond its control. In the case of any failure to deliver or delay in

delivery by some cause within its control the Company shall be under no liability or obligation to the Customer in respect of any indirect or consequential loss.

Any complaint of short delivery or of damage to goods in transit must be notified within three days of receipt of goods and confirmed in writing at that time by the Customer to the Company and any complaint or failure to deliver goods invoiced must be so notified within ten days of the date of invoice.

INSPECTION

It shall be the Customer's duty to inspect, examine and test the goods before use and to satisfy himself of their fitness for any purpose for which they are intended to be used.

Any description of the goods has been given by way of identification only and the use of such description shall not constitute a sale by description. Any sample shown to the Customer is exhibited solely to enable the Customer to judge the quality of the bulk and not so as to constitute a sale by sample.

LIABILITY

Except as otherwise expressly mentioned in these conditions the Company shall have no liability of any kind whatsoever to the Customer in respect of loss or damage whether direct, indirect or consequential, suffered by the Customer whether in contract of negligence or otherwise in respect of any goods supplied or work done by the Company

FORCE MAJEURE

The performance of all contracts is subject to variations of cancellation by the Company owing to any Act of God, War, Strikes, Government Regulations or Orders, National Emergencies, Lock-outs, Fire, Flood, Drought, Tempest or any other cause beyond the control of the Company owing to any inability of the Company to procure materials or articles required for the performance of the contract and the Company shall not be held responsible for any inability to deliver caused by such contingency.

LAW

English Law shall be the proper law of this contract.
